### **Private Applicators License Training**

For those individuals that do not hold a current license for state limited or restricted use pesticides, you will have the opportunity to obtain the training Friday, April 13, 2018 at the Rains County AgriLife Extension Office. Registration will begin at 8:00 a.m. and there will be a \$10.00 registration fee payable at the door. The training portion will conclude by noon. Attendees must also purchase a current Study Guide (\$ 25.00) and the Laws and Regulations book (\$ 15.00) in advance of the program at the County Extension Office. If you purchased your study guide and laws and regulations book at another Extension office, we need verification (receipt of purchase, or the books themselves).

The testing portion for those persons who are trying to obtain their license will **NOT** be provided this day. There has been a change in the testing process and it is now done by a third party. Detailed instructions will be provided during the training.
